Task 2:

Bug ID: Bug001

Bug Title: Book cover image upload accepts gif formatted files.

Steps to Reproduce:

1. Login to the https://demo.bookstackapp.com/ application using valid credentials. Credentials: Email- admin@example.com, password: password
2. Go to the Book section by clicking on “Books”.
3. Create a new book with a title “New book”
4. In the cover image section, add a gif file
5. Click on “save book”

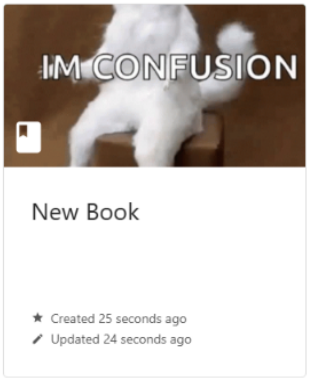

Expected Result: The application should reject the .gif file and show a validation message. “Only jpg, jpeg, and png are accepted” validation message should be shown.

Actual Result: The application accepts the .gif format file.

Severity: Low

Evidence: Video link down below

Bug ID: Bug002

Bug Title: No option to view book cover separately

Steps to Reproduce:

1. Login to the https://demo.bookstackapp.com/ application using valid credentials. Credentials: Email- admin@example.com, password: password

2. Go to the Book section by clicking on “Books”.

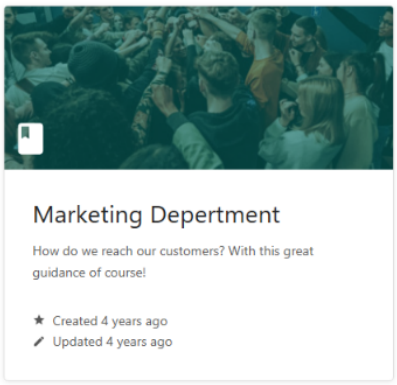

3. Click on any book cover image.

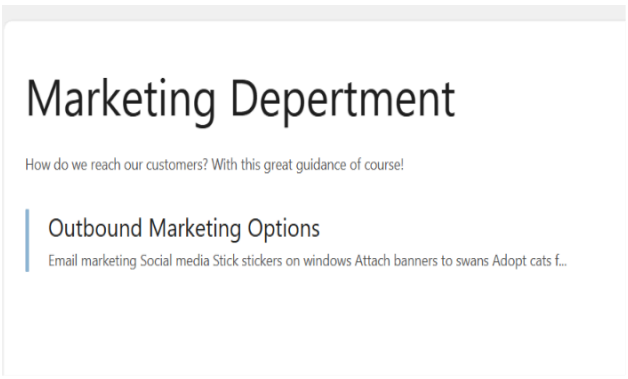

Expected Result: The book cover image should open in full size or in a separate image viewer upon clicking on the image, allowing the user to view the book cover.

Actual Result: Clicking on the book cover redirects the user to the detail section. There is no separate option to view the book cover.

Severity: Low

Evidence: Clicking on the image takes the user to the detail page shown in the second picture.

Bug ID: Bug003

Bug Title: Login page automatically displays admin credentials.

Steps to Reproduce:

1. Go to https://demo.bookstackapp.com/ page and observe

Expected Result: The email and password field should remain empty

Actual Result: The email and password field displays admin credentials.

Severity: High

Evidence: Clicking on the image takes the user to the detail page shown in the second picture.
